

	<b>Yeelight Smart LED Bulb 1S (Color)</b>
Model No.	YLDP13YL
Bulb interface	E27
Built-in interchangeable light	No
Service environment	Indoor
Operating Temperature	-10~+40°C
Humidity	0%-85%RH
Ingress protection	IP20
Lifetime(MTBF)	About 25000 hours
Luminous flux	800lm±10% @4000K 100%brightness
Brightness adjustment range	adjustable, 5%-100%
Default color temperature	4000K
Minimum brightness	≤40lm
Color temperature range	1700-6500K
Color range	RGB
Brightness adjustment method	Stepless adjustment
Color temperature adjustment method	Stepless adjustment
CRI	CRI ≥ 80
Efficacy lm/W	94lm/W
Color tolerance	SDCM≤7
Rated input	220-240V~50Hz/60Hz
Rated power	8.5W
Standby power	<1.5W
Power factor	> 0.9 high PF
Wireless control distance	>30m, Open environment
External temperature	≤65°C, 25°C (ambient temp.)
Start Time	<0.5s
Noise standard	≤24dB@10cm
Brightness adjustment range	5%-100%
Factory test mode	Support
Reset	Support, switch the bulb five times in succession
Flash scheme	Support
OTA	Support
